

SHASTA CRITICAL CARE  
S p e c i a l i s t s

Dear New Patient,

In order to have all your paperwork processed in time for your visit with the physician, please arrive 15 minutes early for your first appointment. Even though your paperwork is already complete, the receptionist needs time to process the information for each of our departments (registration, billing, laboratory, etc.). To maintain our schedule, we have found this lead time necessary for welcoming our new patients. We appreciate your accommodation and hope that your first visit to our practice is a pleasant one.

Sincerely,

The Staff  
Shasta Critical Care Specialists
